Fred is focused on the process of understanding a client's needs, identifying their obstacles, and finding solutions while efficiently managing the team throughout all phases of a project. Fred directs all phases of a project and handles daily client interaction. He has more than 20 years of experience in the resort and restaurant industries, primarily as a chef, but has held almost every title available, from bar manager to general manager. This work bred a much-valued familiarity with the workings of both the front-and-back-of-house areas. As a result, Fred understands the importance of being an energetic, trusted member of a collective team and the value of coordinated planning.

#### **University of California Bradley & Deneve Hall - Los Angeles, California**

The Bradley Hall Commissary Renovation project replaces the approximately 8,000 square feet, catering kitchen on the second floor of Bradley Hall with a central commissary kitchen designed to support the increase volume of business in on-campus dining facilities.

#### **Ottawa University Student Center - Surprise, Arizona**

An 11,000 sf kitchen/servery/dining facility with a 400 sf warming kitchen to support catering and events. Multiple food outlets with additional cooking to accommodate all-you-can-eat service to students.

#### **SABIC Technology Center Jubail 2 Project Jubail Industrial City, Saudi Arabia**

A 13,000 sf full-service kitchen, fresh-market servery, and support functions to serve a 450 seat dining facility that will serve employees and support visitors, contractors, and a variety of meeting rooms.

#### **Albert Einstein Learning & Research Center - São Paulo, Brazil**

A forward-looking medical school with the latest, cutting-edge teaching aid technology, as well as well-equipped research laboratories. These are complimented by classrooms, seminar rooms and a multitude of social service spaces for the students and faculty population totaling 6,300, all served via food court with 6 boutique venues, as well as 2 smaller deli/grab-n-go outlets.
